SPECIAL MESSAGE FROM MARY

Warm Greetings!

I want to share an important upcoming change at BCU; one that allows us to celebrate the past, and be excited about the future! After 41 years of service with Brokaw Credit Union, serving the last 10 as President and CEO, I have decided to retire from BCU, and begin a new chapter of my life. I was privileged to start at BCU at just 21 years of age, beginning my career in 1980 in Brokaw, thinking it would be a year's stay before I resumed my education. However, I never left because of the people I came to know - many wonderful members, amazing mentors, and of course, meaningful work assisting people in their financial pursuits. From day one, I felt like I belonged and never found a reason to leave! That, of course, makes it hard to say goodbye, but know this gal will forever be a BCU member, so we'll always be on the same team!

But now, let's talk about the future.

After informing the Board of Directors of my decision early in the year, they went to work to determine my successor. And they made a great choice! Lori Berry, our current Vice President, has been slated to fill my shoes come September. This will be an easy transition as Lori and I have worked together for over 30 years! I can tell you Lori is smart and talented. Even more, she is fiercely passionate about BCU. New vision and energy will propel BCU into a great future.

Lori shares, "I am honored to have the opportunity to be the next President/CEO of BCU. I dream about a bright and blossoming future, and look forward to sharing ideas soon. I would also like to congratulate Mary on her retirement; her dedication to BCU has been a wonderful example for all of us. Job well done, my friend. I can never thank Mary enough for being a part of my growth at BCU. We have worked together for my 32 years at the credit union and I am honored to follow in her footsteps. Our Board of Directors has challenged me to live up to her legacy and I have accepted that challenge. I look forward to serving you soon as BCU's President."

Thank you all so much for the loyalty and support you have afforded me over my tenure. I have enjoyed our wonderful journey together.
Lori and I look forward to seeing you in August.
